

SUMMER HOMEWORK PROJECT

Dear Parents and Carers,

We are excited to introduce this year's Summer Homework Project, inspired by the wonderful work of Sir David Attenborough. This year is especially significant as we celebrate Sir David Attenborough's 100th birthday — an incredible milestone for someone who has spent his life helping people around the world discover and appreciate the beauty of nature, wildlife, and our planet.

Over the coming weeks, we would like the children to explore this theme in a creative and enjoyable way.

Children may choose to focus on:

- Animals or habitats
- Environmental issues and conservation
- Rainforests, oceans, or endangered species
- The life and work of Sir David Attenborough

The project can be presented in any creative format. This could be:

- A poster or fact file
- A model or piece of artwork
- A short story, diary entry or biography
- A creative display
- Or something completely original!

We encourage children to be as imaginative as possible and to create something they are proud of. We would like all projects to be brought into school by Friday 3rd July, ready to be shared with classmates and displayed in school.

We can't wait to see the fantastic ideas and talent from our pupils - and as always, thank you for your continued support.

Thank you for your continued support.

Kind regards,

Mrs Ellis
