

'Catch up' plan 20-21	
Total number of pupils in school	460
Amount of catch-up premium per pupil	£80
Total catch up money for this academic year	£19,320
<p>Although the money is allocated on a per pupil basis the sum should be used as a total to prioritise support. There are no specific requirements for who to spend it on. School just needs to identify the pupils who will benefit the most.</p>
